

Breakfast & After School Meals Grant Application

This grant opportunity is available to school districts who are interested in starting new breakfast programs (e.g. Breakfast in the Classroom, Grab n' Go, Breakfast After the Bell) or after school meals programs. Funding is competitive and will be awarded based on strength of plan and potential impact. Schools with low enrollment, low free/reduced enrollment, and/or high budgets if approved may not receive full funding request. If approved, the proposal described in this Funding Application is subject to modification by New England Dairy & Food Council. Modifications will be communicated electronically to the school district. This Funding Application, including any modifications communicated by New England Dairy & Food Council, will be incorporated into a Letter of Agreement to be signed by New England Dairy & Food Council, the school nutrition director and school district official, and will govern the terms of the funding.

These grants are made possible by the dairy farm families of New England. Proposals should increase access to school meals and promote dairy sales. Incomplete applications and those with vague answers will not be considered for funding.

If approved, you must provide baseline data before funding is distributed. Schools that receive funding must submit pictures and complete all follow up reporting for their new program. Delinquent schools will not be considered for future funding.
